Disable CSS rollover effect for icons in HTML list I have a list with icons in it. I want to disable the rollover effect when mouse goes over the last icon even if I hover over other icons first. Is there a way to disable rollover effect for all icons except the last one? The reason why I want to do that, is that I use JS to move a div element under the last icon in the list. Thus the rollover effect would be visible. The code is: 50b96ab0b6
